## PROJECTS

### FULL-STACK E-COMMERCE WEBSITE

With React , Strapi , Sass and Stripe.

- As for the database, I used Strapi, the headless CMS. Sass CSS for styling and I integrated the Stripe payment gateway.
- Dealing with the backend made this project challenging for me.

### ECOMMERCE ( FRONT-END )

With HTML ,Javascript and Bootstrap

- Before switching to Tailwind CSS, I tried using Bootstrap for my first eCommerce project, where I also utilized Sass CSS. The website is fully responsive.

### REAL-ESTATE ( ECOMMERCE SITE)

With React , taiwind CSS and Typescript

- Find houses and apartments based on various criteria, including price, location, and property type.
- Typescript , for better code maintainability and scalability
